

CEO change for e-shelter and Gyron

Tokyo/Japan – June 27, 2019: NTT Communications Corporation (NTT Com), the ICT solutions and international communications business within the NTT Group, announced today changes in CEO of e-shelter and Gyron, its European colocation businesses.

Effective 1st August 2019, Rupprecht Rittweger, currently CEO and Chairman of both e-shelter and Gyron, will step down as CEO and continue in his role as Chairman of the NTT European colocation business.

Most recently, he has overseen the creation of a new pan European colocation organization by bringing together the e-shelter and Gyron businesses, which is part of an ongoing initiative by NTT to integrate its data center businesses into a combined global operating platform.

Florian Winkler, who has been with e-shelter since 2012 and is currently Chief Commercial Officer, will take over the role of CEO for the combined European DC business.

“The new pan European data center platform will be even better positioned to support our customers and deliver growth across the region.” commented Rittweger, who founded e-shelter in 2000, “Over the last 19 years, we have built a business based on excellence in service delivery and a fantastic team of people, both at e-shelter and Gyron. Now is the right time for me to handover the day to day operational responsibilities and I am sure Florian will do a great job as CEO”

About e-shelter

e-shelter is one of the leading data center operators in Europe providing highly secure environments for housing and connectivity of IT and network systems. With a presence in the key city markets in Europe, e-shelter leverages more than 400 MVA of power capacity to deliver scalable data center solutions.

As a subsidiary of NTT Communications, e-shelter is part of a global network of data centers covering 20+ countries and over 400,000 sqm of data center space. Among e-shelter’s clients are financial services companies, telecom operators, public sector, IT service and outsourcing providers as well as cloud service providers.

In addition to e-shelter, companies such as Arkadin, Dimension Data, itelligence, NTT Communications, NTT DATA and NTT Security are part of the NTT Group in Germany. In this region, the NTT Group represents around 5,300 employees and combined revenue of more than € 1.2 billion. You can find further information on the global NTT Group at www.ntt-global.com.
